Profile

Information Sciences MSc graduate, with a Computer Science background and experience across product, data, and software roles. Skilled at turning complex problems into simple, data-informed solutions, working with engineering teams and stakeholders, gathering feedback, and using data to inform decisions. Leads project execution and builds tools that drive operational efficiency.

Experience

Project Manager - Internship, Storyteq - Amsterdam 02/2026 – 07/2026

- Owned client communication and asset delivery for Calvin Klein (PVH), Sony, and Cummins accounts.
- Led project execution from brief to delivery, shipping 16 templates across 244 chargeable hours.
- Built an Excel QA automation script that cut asset creation time by 10%.
- Automated asset uploads to Aprimo via a batch ingestion script, saving 4 to 5 hours per project.
- Designed a weekly dashboard to track team performance and surface highlights.

Data Science - Working Student, Robeco - Rotterdam 09/2025 – 12/2025

- Wrote Python scripts in Databricks to transform and analyse data stored in Snowflake.
- Worked with the finance team on data supporting Robeco's sustainability and emissions-reduction goals.

Software Developer - Internship, NLC Health Ventures - Amsterdam 02/2025 – 07/2025

- Gathered stakeholder feedback in weekly Scrum cycles and turned it into feature decisions.
- Built a Python-based ETL pipeline for data processing and storage with real-time synchronization.
- Ran data analysis and built interactive Power BI dashboards to visualize key performance metrics.

Frontend Developer - Internship, Capisoft B.V – Amsterdam 09/2024 – 12/2024

- Built a responsive front-end with Chakra UI, integrated with a Django backend, for a consistent experience across devices.

Technical Specialist, Apple – Amsterdam 09/2024 – 12/2024

- Resolved 50+ support tickets per week, increasing user satisfaction by 25%.
- Troubleshoot technical issues and offered tailored solutions to minimise downtime.

Specialist, Apple – Amsterdam 03/2024 – 09/2024

- Increased sales by 20% through effective customer engagement and product recommendations, and generated new business leads.

Teaching Assistant - Creative Technology, University of Twente – Amsterdam 09/2023 – 12/2023

- Supported students with programming coursework in Processing.

Student Ambassador, Vrije Universiteit Amsterdam 09/2022 – 09/2023

- Demonstrated strong presentation skills and extensive knowledge of computer science topics.

Skills and Competencies

Product & Ways of Working: Agile / Scrum, stakeholder communication, cross-functional collaboration, user feedback & iteration, process automation, project execution, project planning & estimation, Monday.com, Confluence

Data & Analytics: SQL, Python, Power BI, Snowflake, Azure Databricks, ETL / data engineering

Development: JavaScript, React, Java, C/C++, Git, Linux, Postman

Education

MSc Information Sciences, Vrije Universiteit Amsterdam 09/2025 – 08/2026

- Broader Mind Course, Certificate of Completion
- Thesis: Verification Trust in High-Volume Digital Content Production: A System Architecture for Scalable Supervision at Storyteq (graded 8/10)

Project Management Course, European Summer School, Prague 07/2026

- Studied Scrum and Agile fundamentals, plan-based vs. agile approaches, and project estimation and scheduling
- Learned to align project execution with organisational strategy

BSc Computer Science, Vrije Universiteit Amsterdam 09/2022 – 08/2025

- Minor in Data Science and Business Analytics
- Thesis: *Implementation of a Dynamic Python-Based ETL Pipeline for Enhancing Data Processing and Storage* (graded 8/10)

Voluntary Work

Environmental & Community Volunteer, Green Office, Vrije Universiteit Amsterdam 09/2023 – 05/2025

- Supported initiatives helping VU maintain its position as the most sustainable university in the Netherlands.

Environmental Volunteer, Let's Do It Greece, Athens 05/2020 – 10/2021

- Took part in a conservation and urban restoration programme.

Healthcare Volunteer, Resteion Nursing Home, Athens 03/2019 – 05/2019

- Visited residents at a nursing home through a high school volunteer programme.

Languages

Greek (Fluent), English (IELTS), German (OSD Certificate C1)
